

Great News

My dream website WISE TV . COM is now online.
A very powerful platform with unlimited potential.

To concentrate on the site I need to take care of unfinished business.
I need to purge myself from negativity from past confusion and conflicts

Betsy I am willing to forgive both you and Jamie's for all your derogatory words and self dealing decisions.

When you give up your DDS you can become a positive contributor to the Website. Future plans include a Channel featuring a tribute to your Dad for his upcoming birthday, In any case with or without your involvement great times are in the Future.

UNFINISHED BUSINESS

The current Aruba calamity needs to be solved so I am stepping in to bring light into the darkness of confusion.

My biggest concern is the deteriorating relationship between Andria and Jamie . Jamie's lack of transparency and failure to understand his fiduciary duties makes the over all situation more challenging. I cannot blind myself to the fact that you interfered with the sale of the house, caused Andria to be underpaid on Jamie's debt and the trifecta - that you allowed Jamie to confiscate Aruba without advanced notification or a discussion on compensation.

FOUR OPTIONS for Jamie

#1 Simply give Andria back her 1/3 ownership includes 53rd week

#2 Andria gives Jamie \$9,300 and Andria becomes 50/50 owner
{ Jamie's low ball \$18,600 } includes 53rd week

#3 Jamie gives Adrian \$30,000 and rights to 53RD week
{ Jamie can have the next one }

#4 Option 4 Jamie accepts the fact David will seek a legal remedy.
Arbitration/mediation or petition for a partition and give Jamie the opportunity

to defend all his decisions by providing statement, financial records .
Anything and everything to prove to the court ,family members, concerned friends that Jamie did not take advantage of Andria.

Should Jamie fail to make a choice then let this letter serve as proof David wants forgiveness ,fairness not revenge . David wants justice wit no desire to hurt Jamie financial or publicly but give Jamie the opportunity to amend for his bad decisions and save his relationship with Andria. I will say it again if Jamie feels he did everything moral and legal then he will get a chance to present his side of the story with statements, financial explanations, and his reasoning behind his lack of transparency and o f course why he thinks Aruba should be his alone.

Betsy you and Jamie need to decide . Do want us in you r life ? I say us because if you think you can have a real relationship without me then you are living in Da Lu Lu land. Wise TV will be a big deal in the future Jamie I recommend # 3 We will take the 30 K and buy our own week { 51 or 52 most likely \$30,000 + }
Summary

Go to Wise Tv.com channel #3 Listen to audio { my lawyers planned movie}
Put in secret code to see this letter and more
I will await an answer from you or Jamie.
After 7 days I will add to the secrete files Depending on response
After 3 more days still no response I will up load my smoking gun that most likely will end Jamie's solo ownership of Aruba and off to New York I go

All family members and friends of George Weisz will be told about wisetv.com and suggest they check out the legal channel

Betsy and Jamie you seem to think you have a right to violate Andria's moral and legal rights to Aruba and I disagree. What ever happens will be your choice. This is not about the money . After all Jamie underpaid Andria more than \$50,000 based on Betsy telling Jamie this was a volunteer action . IT WAS NOT

Wise TV will expose the final story. Lets all hope both of you wake up and realize that I am giving an opportunity to overcome your seemly delusional superiority complex over Andria and myself and learn to spiritual grow in the garden of **FORGIVENESS** , **TRANSPARENCY** and **COMMUNITY PROSPERTY**. Let's Forgive and forget 2025 {snake| and make 2026{horse} a year of perseverance.
